RE: Follow-Up to Unaccounted For departmental Firearm  
DT: November 5, 2019

Please be advised that upon receiving the NCIC information last week pertaining to the unaccounted for Glock Model 27 firearm, I instructed the Sergeants to initiate a check of the entire interior of the Police department in search of the missing firearm. I was informed that this had also been completed in 2017, when the firearm was first discovered missing.

I have been advised this morning that the entire interior of the PD was checked and the firearm was not located. The NCIC missing/stolen entry remains in the system, so if the weapon is encountered we will receive notification.
